

In OneNote, there are several organizing tools that you can use to handle your notes. In this tip, we will focus on techniques in arranging the notebook and page tabs. The **Notebook Tab** is the section that holds your notes together. This also displays all your recently opened notebooks. The **Page Tab** is a collection of all your note's pages. It contains information within a folder or section.

Productivl.T.y showcases tips & tricks on various office and branch applications.

## Organizing Notebook Tabs

The Notebook Tab is located at the left side portion of the OneNote window.

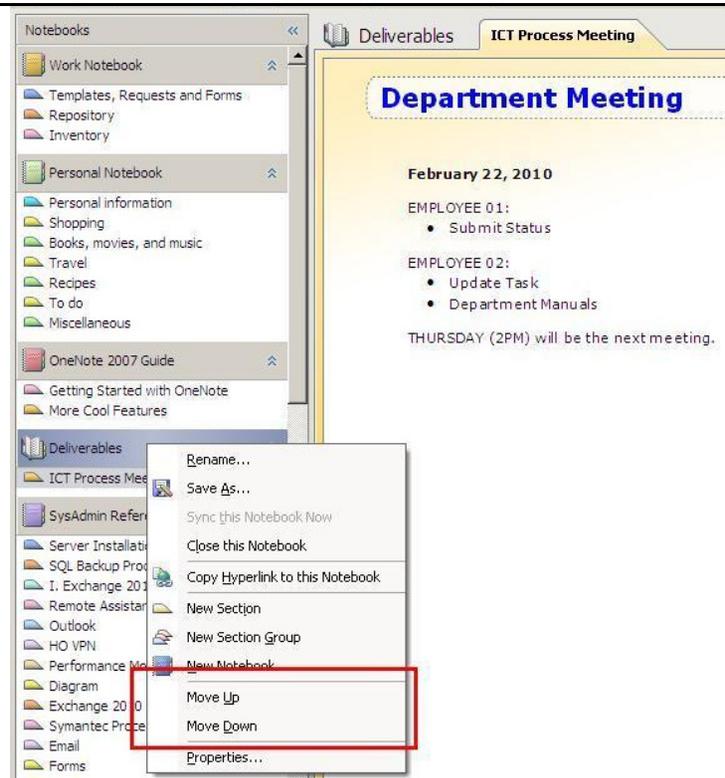

By default, this will display all your active notebooks and the recently opened notebooks.

You can reshuffle the arrangement of the notebooks any way you like.

To arrange the Notebook Tab:

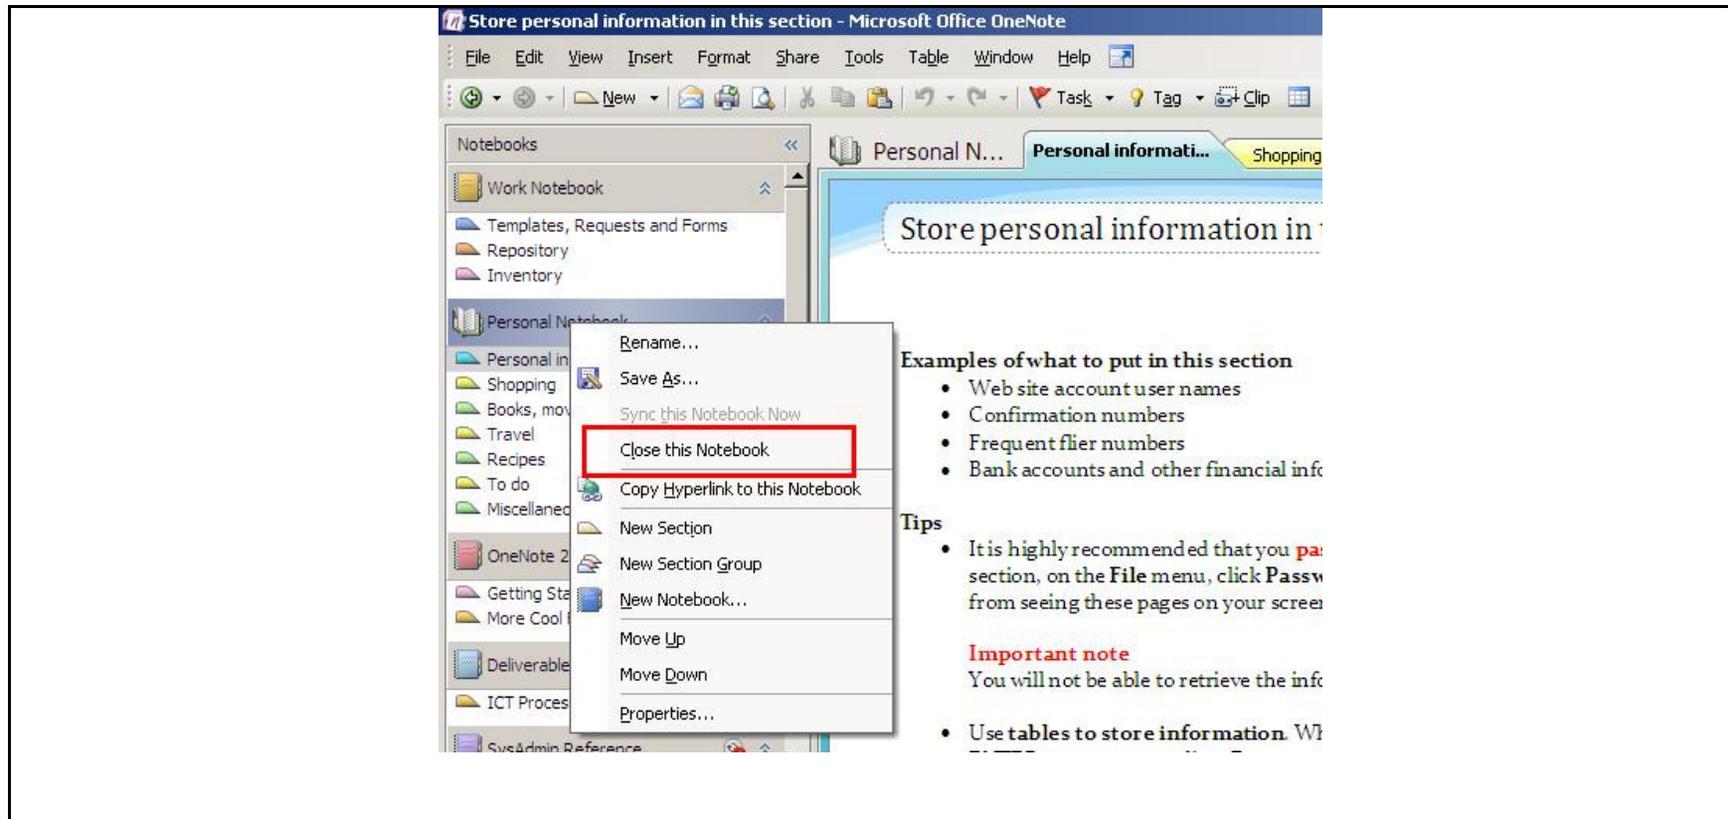

1. Select a notebook and right click the mouse.
2. Choose **MOVE UP** or **MOVE DOWN**.

You can also opt to hide notebooks that are no longer in use.

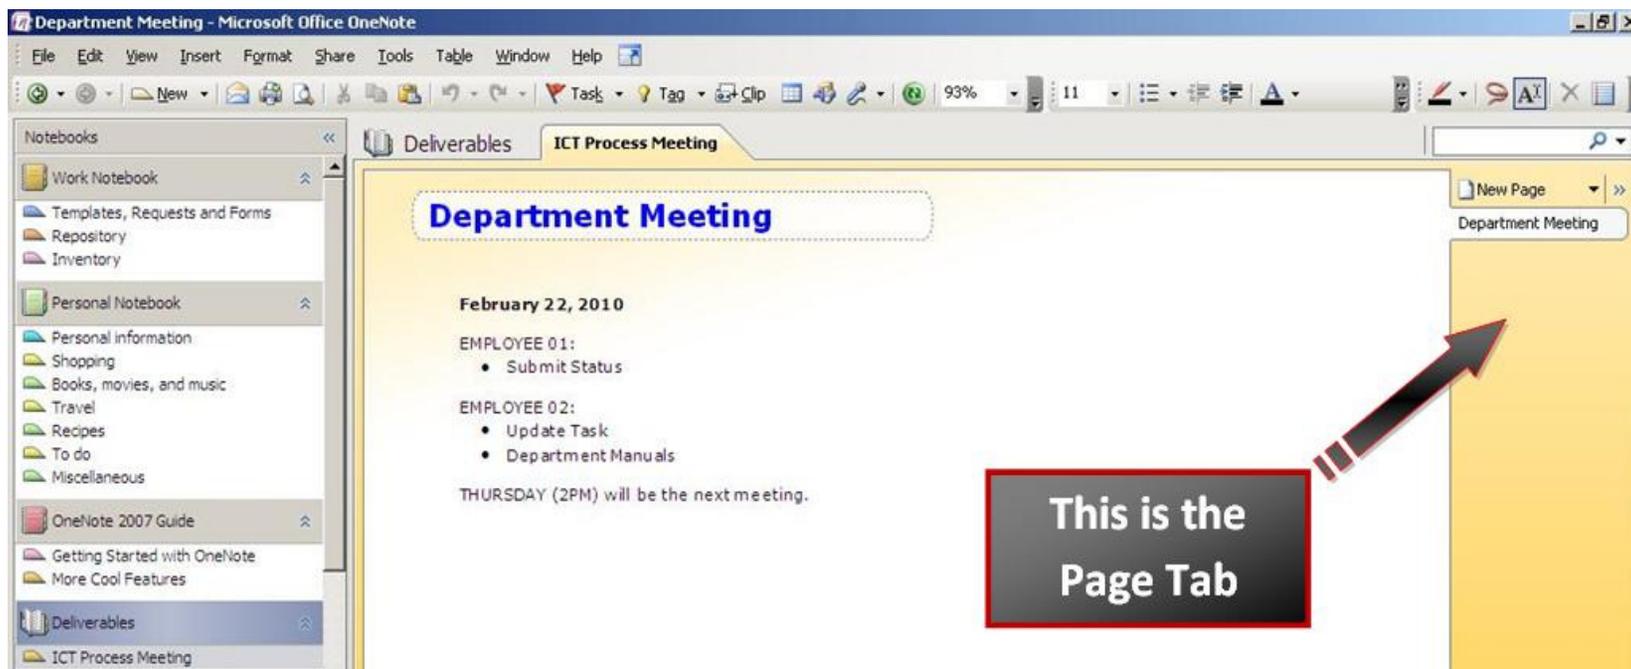

To hide notebooks:

3. Right click on the Notebook Tab.
4. Choose **CLOSE THIS NOTEBOOK**.

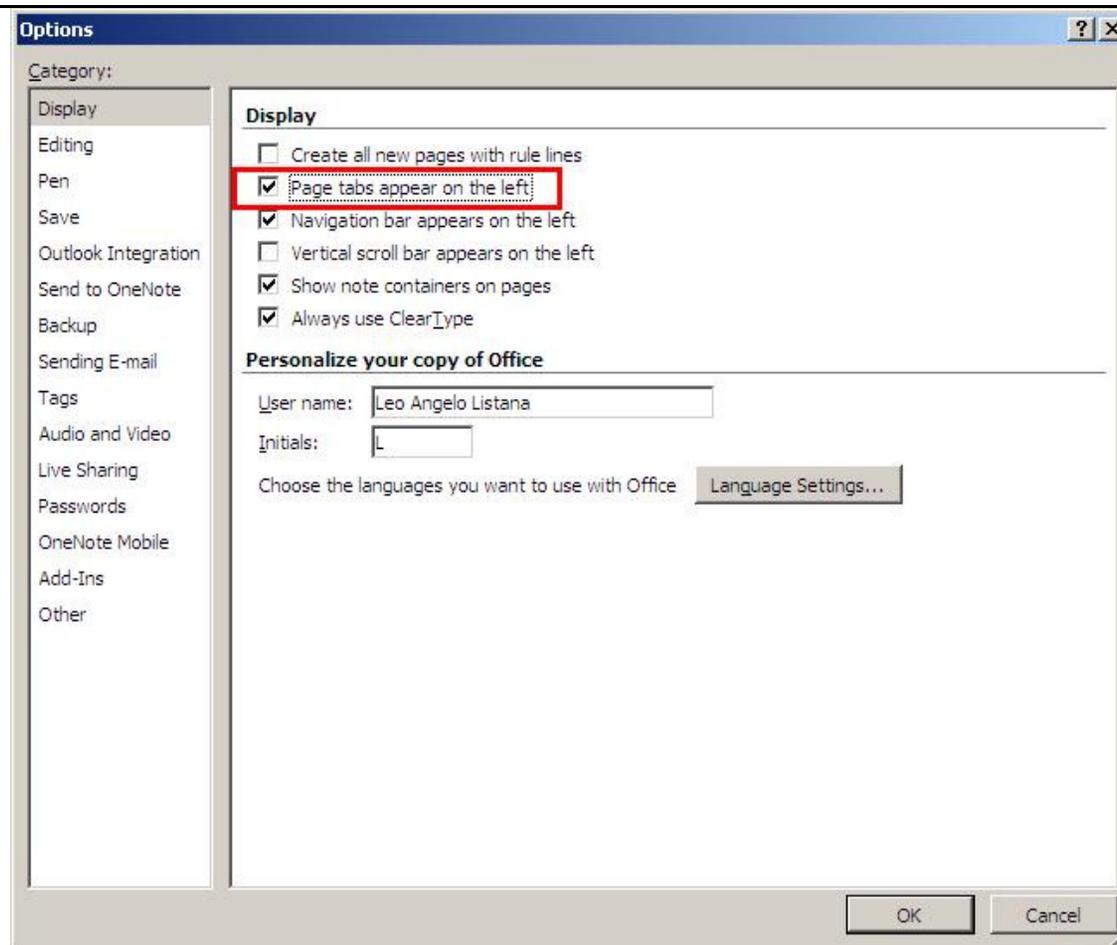

## Organizing Page Tabs

By default, Page Tabs appear on the right side portion of your notebook. You can move these to the left if this is your preference.

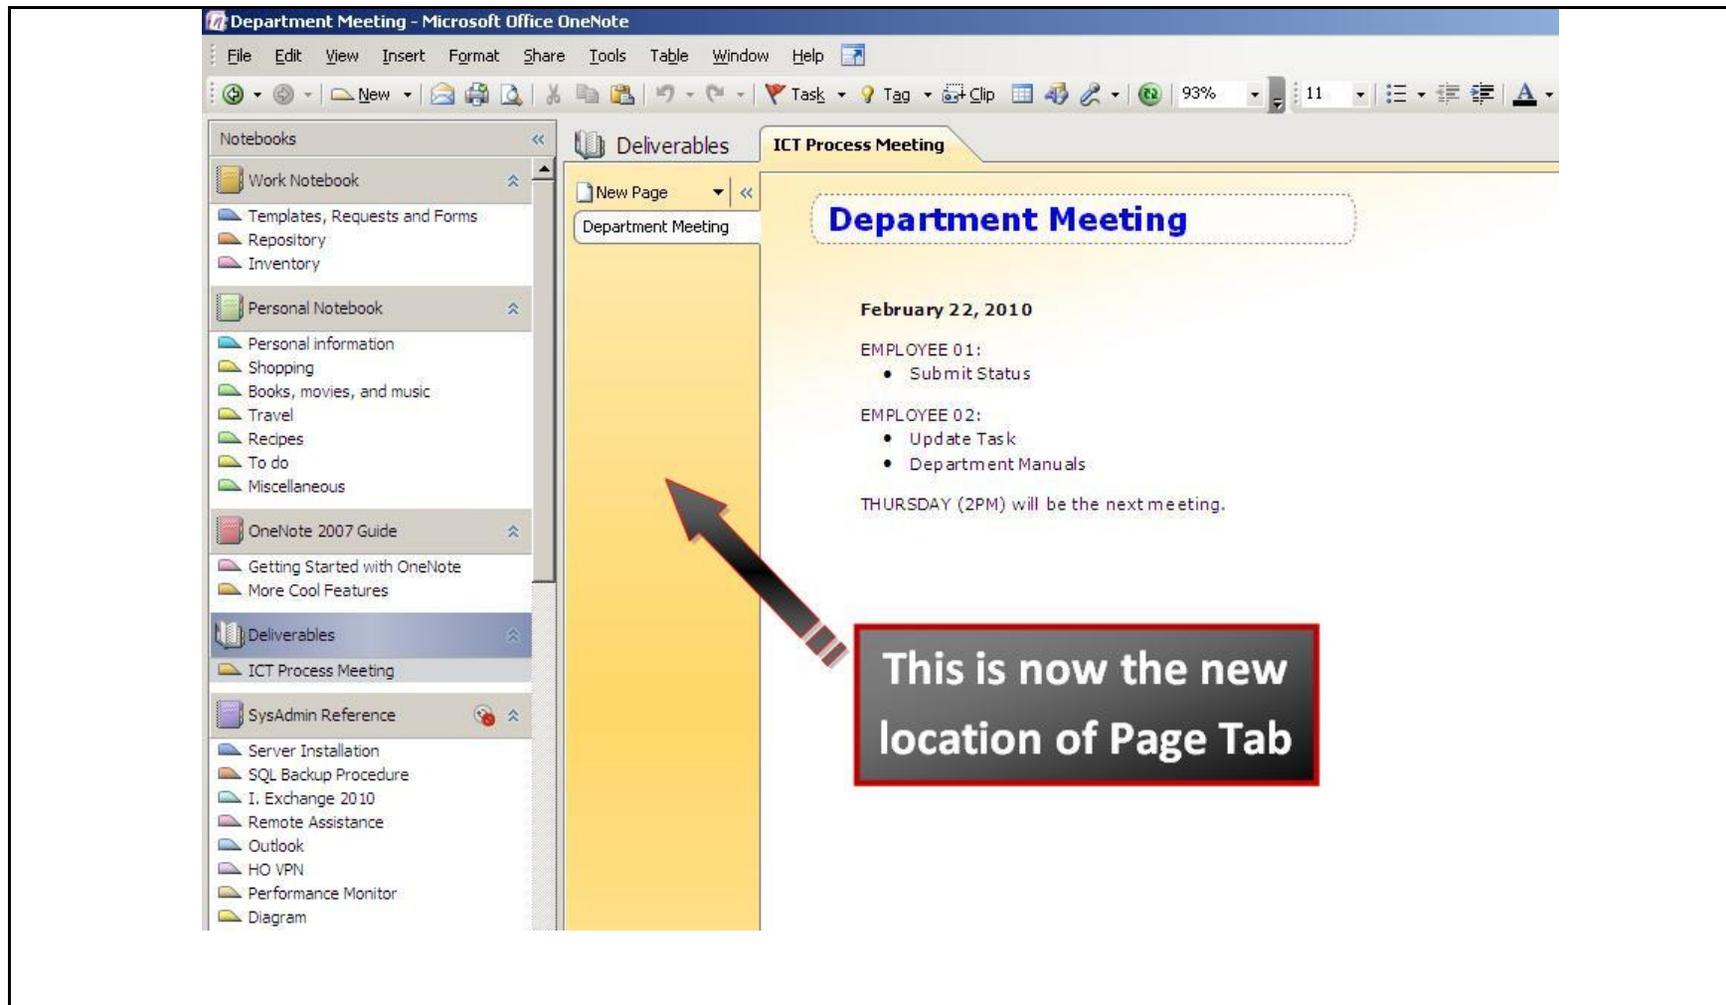

To do this:

1. Go to **Tools Menu**, choose **Options**.
2. In the **Display Options**, select **Page tabs appear on the left**.

1. Then click **Ok**.
2. Your Page Tab will now be located at the left side of the OneNote window.
